

The pictures say it all!

Experience Canada's North and Enjoy a Great Canadian Holiday on beautiful Pakwash Lake, drive in just north of Ear Falls, Ontario, Canada.

Pakwash Lake is located in North-western Ontario's beautiful Sunset Country. Pakwash Lake has long been well known for its excellent fishing, beautiful scenery and abundant wildlife. It is also an excellent place to relax and enjoy all that the Canadian northern wilderness has to offer.

The Pakwash Lake System is situated at the junction of three mighty Northern Ontario Rivers, the Chukuni, the Trout and the English. These three rivers drain much of the region and are responsible for the high productivity of these lakes.

Fish for walleye, northern pike, small-mouth bass, muskellunge, whitefish and yellow perch. Fish and explore over 31,000 acres of water and 100 miles of shoreline on four different lakes.

We offer light housekeeping, fully equipped cabins at a reasonable rate for the whole family to enjoy. There are also RV camp sites with running water and hydro hook ups.

**FISHING:** WALLEYE, NORTHERN, PERCH, BASS

**HUNTING:** BLACK BEAR, DEER, MOOSE
